Steel & Glass Top

Steel & Laminate Top

**ORDER INFORMATION**

- 1) Series Name
- 2) Model Number
- 3) Quantity
- 4) Laminate Name and Number
- 5) Epoxy Frame Color

**TABLE SPECIFICATIONS**

- Frame Assembly is completely fabricated of 12 gauge steel with all pieces welded together forming a one piece steel frame. Tapered legs, steel tops and steel shelves have a perforated design. (See photo of a top perforation below).
- Frames are sandblasted and then powder coated with durable epoxy/powder coat in selected colors, see below.
- Laminate tops: are 3/4" thick, top and sides are laminated. Laminate tops are attached. ERG offers over 1000 standard laminate choices from Nevamar, Wilsonart, Formica and Pionite.
- Glass tops: are 1/2" clear glass with bevelled edges resting within the metal corners.
- Shipped fully assembled and ready to use
